

**Why buy SahiGST instead of using the free GSTN Tool.**

1. For getting timely and good SUPPORT to file your GST returns on time.
2. Auto Reconciliation between GSTR 2 and 2A (i.e. your purchase bills vs. sales bills of your supplier)
3. SahiGST is a Web based Software, hence you can login from anywhere and complete your filing.
4. Multiple GSTIN can be managed from a single Screen.
5. Tie-up with Multiple GSP's so that even if any GSP is down your filing still goes through.
